May 9, 1984

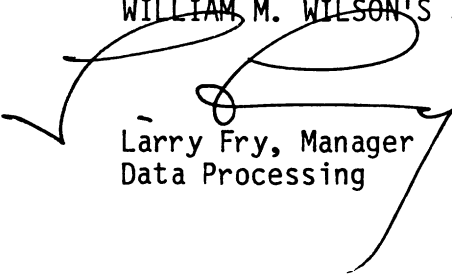

To Whom It May Concern:

Robert Naylor has worked in my department for almost one year. In that time he has impressed me with his diligence and his knowledge. He has handled all assigned tasks with a high degree of intelligence.

I do not hesitate to recommend him for any position for which he is being considered within the Data Processing profession.

Very truly yours,

WILLIAM M. WILSON'S SONS, INC.

Larry Fry, Manager
Data Processing
