

**Nomination for DMSG
Employee of the Month
July, 1987**

I would like to nominate Rob Naylor for employee of the month for July.

Rob's ability to "hang in there and get the job done," given the system problems he has had to deal with, reflects his professionalism and dedication. He has given additional time, sometimes at great personal sacrifice, whenever the need arose and he has, almost single-handedly, managed to keep the daily activities of the programming and computer operations departments functioning even though the Series/1 was down most of the time.

Rob has made himself available on almost a 24-hour basis during the last several weeks and if it were not for his extra effort, many of the computer-related tasks performed for client projects would have never been completed.

I would personally like to thank Rob for his efforts and, nominate him for employee of the month for July. His dedication and commitment are to be commended. Rob truly exemplifies the TELERx spirit and he deserves this award.
